

Seyyone<sup>®</sup>  
Since 1999

### **The Company:**

Seyyone is a professionally managed Medical Transcription Company successfully serving multiple clients based in the USA and Australia since 1999.

Seyyone has excellent infrastructure and highly skilled personnel to deliver quality service to the exacting standards within the client-specified time limits.

### **Medical Transcription Process:**

A three-tier (MT->Editor->QC) transcription process at Seyyone ensures that each and every dictation taken up for transcription is transcribed perfectly and error-free. The quality assurance team consists of QCs who have more than 5 years of experience, as well as a couple of medical doctors who are dedicated to this field totally.

### **Confidentiality and Security:**

Seyyone takes utmost care and is committed to maintain the confidentiality of the medical records. All the staff members in Seyyone have to sign confidential and nondisclosure agreements when they join. Firewall and encrypted data transmission facilities are put in place for data security. Most importantly, Seyyone complies with HIPAA and ISO 9001:2000 norms.

### **Turnaround Time:**

Seyyone's services are available through 24x7. Seyyone with its efficient and adequate manpower is able to meet the turnaround time agreed upon to individual clients successfully and with ease.

### **Manpower:**

Seyyone recruits fresh graduates and post graduates from reputed institutions and trains them in-house by a team of trainers that consist of medical doctors, English teachers, and computer professionals.

Seyyone conducts periodical appraisals to elevate the employees to the next higher level as and when they prove themselves.

The support group consisting of software and recruiting personnel provide the necessary amenities to the MTs and Editors.

A unique Continuing Education Program designed by a group of medical experts and experienced Mts ensures that the transcriptionists keep in touch with the latest developments in the medical and MT field.

### Infrastructure:

Seyyone has the following world-class infrastructure:

- Fiber-optic Internet connectivity from two reliable ISPs.
- An uninterrupted power supply and a backup power generator
- Well-designed interiors with excellent ambience
- An extensive collection of printed and electronic reference materials
- Networking with components from Cisco & Luce Technologies
